Locations revealed for an abbreviated experience

# *Locations Guide*

This guide is intended for one appointed member of your group who may wish to make dining reservations, or for those who prefer to focus primarily on visiting the locations, in an abbreviated experience.

If reservations are required or recommended at a location, that information will be noted. Otherwise, walk-up options are usually available, and you can decide what works best for your group's schedule. For those visiting during busy seasons, securing reservations in advance is highly recommended.

If you'd rather keep the mystery alive for everyone, avoid reading ahead. The experience can still be fully completed without sitting down at each dining location.
